**Re: Approval of Source Emissions Test Plan
I.D. 119090AAO**

Dear Mr. Dyer:

The Illinois Environmental Protection Agency ("Illinois EPA") approves the site specific test plan for Shell Oil Products submitted on June 14, 2013 with a proposed test date of June 24-27, 2013. This source emissions test will be conducted per Illinois EPA request letter sent on April 12, 2013.

The request letter required Shell Oil Products to submit a site specific test plan 45 days before the proposed test date in order to give the agency enough time to review the site specific test plan. The Agency is waiving the 45 requirement and allowing Shell Oil Products to conduct testing during the week of June 24, 2013.

Written communication should be directed to Grover Hopkins, Illinois EPA, Bureau of Air, Compliance Unit, P.O. Box 19276, Springfield, Illinois 62794-9276. The I.D. number of your facility shall be included in all communication in reference to this matter.

Questions regarding this matter should be directed to Grover Hopkins at 847/294-4024.

Sincerely,

Raymond E. Pilapil, Manager
Compliance Section
Bureau of Air

REP: GEH
