**Subject:** RE: Roxana SVE System Shutdown - Notification

Jim:

AECOM is sending this e-mail to you as required by Item 7 of IEPA's April 9, 2014 letter (Log No. B-43R-CA-65, 68, and 76) and Item 7 of IEPA's May 15, 2015 letter (Log No. B-43R-CA-66 and 84). Item 7 requires that the IEPA Bureau of Land, Permit Section, and the Collinsville Field Office be notified by e-mail if the full-scale SVE system is down for more than 72 continuous hours. We are providing notice of shutdown of the SVE system which exceeded 72 hours. Maintenance activities associated with the RTO were conducted from November 29, through December 5, 2016. In preparation for the maintenance activities, the SVE system was shut down at 5:09 pm November 21, 2016 to allow the RTO to cool down. The system was brought back on-line today, December 6, at 8:42 a.m. The system was off-line for 14 days, 15 hours, and 33 minutes.

Thank You

George D. Jones
