Date Received: April 13, 2012  
Source Name: Spoil Vapor Extraction System  
Location of Source: WRB Refinery near Intersections of Chaffer & 8<sup>th</sup> Streets  
Roxana, Madison County

Dear Mr. Dyer:

This letter provides notification that your Clean Air Act Permit Program (CAAPP) application received on the date indicated above, has been determined by the Illinois EPA to be complete pursuant to Section 39.5(5) of the Illinois Environmental Protection Act (Act).

Based on the completeness determination, the owner or operator of the CAAPP source is not required to renew existing state operating permits for emission units at the CAAPP source. The owner or operator of the CAAPP source is not, however, relieved of any obligation to obtain state operating permits for emission units at the CAAPP source for which no current state operating permit exists.

Notwithstanding the completeness determination, the Illinois EPA may request additional information necessary to evaluate or take final action on the CAAPP application. If such additional information affects your allowable emission limits, a revised form 292-CAAPP-FEE DETERMINATION FOR CAAPP PERMIT must be submitted with the requested information. The failure to submit to the Illinois EPA the requested information within the time frame specified by the Illinois EPA, may force the Illinois EPA to deny your CAAPP application pursuant to Section 39.5 of the Act.

If you have any questions concerning this matter, please contact the Division of Air Pollution Control Permit Section at 217/782-2113.

Edwin C. Bakowski, P.E.  
Manager, Permit Section
