To Whom It May Concern:

AECOM Technical Services, Inc. (AECOM), on behalf of Shell Oil Products US (Shell), is submitting this letter in relation to Water Pollution Control Permit No. 2023-EE-68012. This Permit is for the pre-treatment and discharge of the steam enhanced extraction (SEE) wastewater to the Village of Roxana Wastewater Treatment Plant (WWTP). The SEE Pretreatment System has not been operated since December 2025, and no water has been generated or discharged since December 2025.

In January 2026 the SEE Pretreatment System was dismantled and physically removed from the project site. We request that WPC Permit 2023-EE-68012 be cancelled.
