Subject: RE: Roxana SVE System Shutdown- Advance Notification

This e-mail is to notify you that we brought the system back on-line. The SVE system was shut down at approximately 3:00 pm on October 3, 2014 to allow the RTO to cool over the weekend for preventative maintenance activities beginning October 6, 2014. The system was brought back on-line on October 8, 2014 at 7:50 pm (124 hours and 50 minutes after shutdown).

Thank You

Subject: RE: Roxana SVE System Shutdown- Advance Notification

Jim:

URS is sending this e-mail to you as required by Item 7 of IEPA's April 9, 2014 letter (Log No. B-43R-CA-65, 68, and 76). Item 7 requires that the IEPA Bureau of Land, Permit Section, and the Collinsville Field Office be notified by e-mail if the full-scale SVE system is down for more than 72 continuous hours. We are providing advance notice of shutdown of the SVE system which will exceed 72 hours. Preventive maintenance of the RTO is scheduled for October 6, 7, and 8, 2014. In preparation for the maintenance activities, the SVE system will be shut down at approximately 3:00 pm today (October 3, 2014) to allow the RTO to cool over the weekend. URS will notify IEPA when the system is brought back on-line.

Thank You
