Subject: RE: Roxana SVE System Shutdown - Advance Notification

Rob: We used to send these 72-hour notifications to Jim Moore, I understand that you should receive them now.

AECOM is sending this e-mail to you as required by Item 7 of IEPA's April 9, 2014 letter (Log No. B-43R-CA-65, 68, and 76) and Item 7 of IEPA's May 15, 2015 letter (Log No. B-43R-CA-66 and 84). Item 7 requires that the IEPA Bureau of Land, Permit Section, and the Collinsville Field Office be notified by e-mail if the full-scale SVE system is down for more than 72 continuous hours. We are providing advance notice of shutdown of the SVE system which will exceed 72 hours. A Preventative Maintenance Evaluation of the RTO is scheduled for Tuesday through Friday April 16, through April 19, 2019. In preparation for the maintenance activities, the SVE system was shut down at 9:23 a.m. on April 11, 2019 to allow the RTO unit to cool down. AECOM will notify IEPA when the system is brought back on-line.

Thank You

George D. Jones
