Equilon Enterprises LLC d/b/a Shell Oil Products US
Log No. B-43R-M-9, M-10, M-11, M-12, M-13 & M-15**

Dear Amy:

On behalf of Shell Oil Products US (SOPUS), URS Corporation (URS) hereby requests an extension of the schedule to install groundwater monitoring wells in the Village of Roxana. This letter is a follow-up to our telephone conversation on July 30, 2014.

In the Modified RCRA Post-Closure Permit dated June 13, 2014, the Agency requested that SOPUS install four monitoring wells at specific locations within 60 days (i.e., by August 12). As I indicated during our phone call, Shell's legal counsel has been working with the Village on an amendment to the existing access agreement which would include this work. The Village approved the amendment to the access agreement on August 4, 2014. Based on the time necessary to amend the access agreement, we request a 30 day extension for this work, which would be September 11, 2014. We will notify the Agency of the planned schedule once it has been established.

If you have any questions during your review, please contact Kevin Dyer, SOPUS Sr. Principal Program Manager, at kevin.dyer@shell.com (618/288-7237), or me at bob.billman@urs.com (314/743-4108).

Sincerely,

URS Corporation, on behalf of Shell Oil Products US

Robert B. Billman
Senior Project Manager

Nick Eldred
Senior Project Manager
