Springfield, Illinois 62794

**Subject: Notification of No Routine Gauging Performed the Week of January 6-10, 2014
Roxana, Illinois
119115002 – Madison County
Equilon Enterprises LLC d/b/a Shell Oil Products US
Log No. B-43R-CA-33 and CA-48**

Dear Mr. Nightingale:

On behalf of Shell Oil Products US (SOPUS), URS Corporation (URS) is submitting this notification letter. Routine groundwater gauging activities are typically performed for certain wells in the Interim Groundwater Monitoring Program in Roxana, Illinois per the Agency's letter dated July 18, 2013. These routine gauging activities were unable to be performed during the week of January 6 – 10, 2014 due to safety concerns and access issues related to the inclement weather consisting of approximately one foot of snow and subzero temperatures and wind-chill. Routine groundwater gauging activities are planned to resume next week (January 13 – 17, 2014).

If you have any questions, please contact Kevin Dyer, SOPUS Senior Principal Program Manager, at kevin.dyer@shell.com (618/288-7237), or Bob Billman at bob.billman@urs.com (314/743-4108).

Sincerely,

URS Corporation, on behalf of Shell Oil Products US

Wendy Pennington
Staff Environmental Engineer

Robert B. Billman
Senior Project Manager
